Monthly Hazard Incident Report in the Month of December, 2022

Covid-19

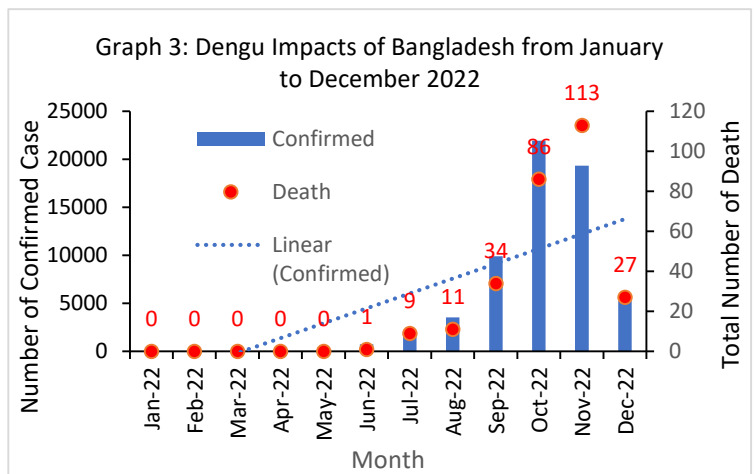

The number of newly identified patients with Covid-19 was **528** from 1st December to 31 December 2022. In this month **1,834** people recovered, and the total death was only **seven** which indicates both the number of deaths, and the confirmed cases have decreased compared to the previous month. From the very first case identified on March 8, 2020, the total number of Covid-19 patients is **2,037,125** among which **29,440** persons died and **19,87,733** persons recovered from **1,51,71,208** tested samples in total up to 31 December-2022, according to [DGHS](#).

[See Annex 1](#) for more details on the month of December. Graph 2 depicted the overall scenario of covid -19 from January 2022 to December 2022. The number of confirmed case and the number of death are decreased. The total number of death in 2022 was only 1362 with compare recent two years. The highest death was noticed in February month while the lowest is noticed in December. Total confirmed case also less than the year of 2020 and 2021 in the year of 2022.

Dengue

Dengue case is decreasing before the previous month. In December, just **54** districts suffered from dengue, and as usual, Dhaka has the highest confirmed cases (**2,717**) and deaths (**18**). In November where the number of confirmed cases was **19,334** while in December it went down to **5,233** confirmed cases and the death toll decreased from **113** to **27** people. [Graph 3](#) illustrate the overall scenario of dengue in Bangladesh for the year of 2022. The fatalities were increased since July and packed the highest in November month than again started to decrease. Basically during the monsoon season the casualties are most severe compare than other season in Bangladesh. [See the details in Annex 2.](#)

Fire

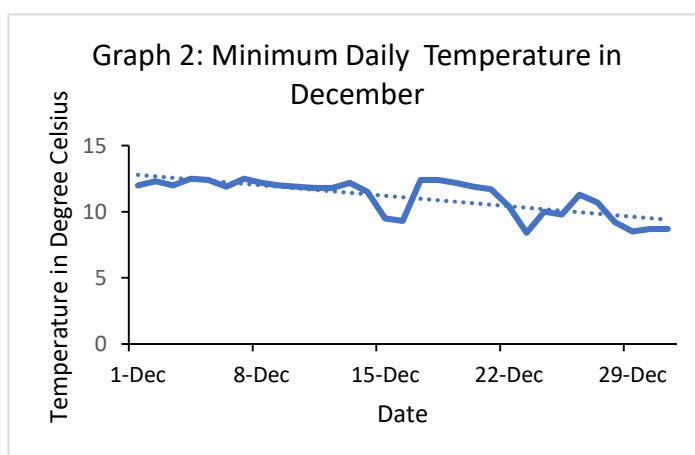

According to the [NDRCC](#) report and different dailies, 878 fire incidents took place across the country in December 2022. Dhaka division reported the highest number of fire incidents (266), followed by Rajshahi division (189), Chattogram division (102), Rangpur division (101), Khulna (98), Mymensingh division (60), Sylhet division (47) and Barishal division (15). Among the 878 incidents, six person died, 14 injured

and several property damages were recorded. The estimated loss was recorded around 2 crores and 31 lacs taka. [For more details, see in Annex 4.](#)

Table 1: Impacts of Fire incidences in December, 2022		
Division	No. of Incidents	Impacts
Barisal	15	One shop was burnt and estimated loss 50 lac taka.
Chattogram	102	One female died, One Jute warehouse burnt. About 52 lac taka in losses was estimated.
Dhaka	266	Four people died, 13 people injured, 201 shops burnt, one warehouse and one sugar factory burnt. Estimated losses was 25 lac.
Khulna	98	Three shops were burnt.
Mymensingh	60	One shop and four house burnt down
Rajshahi	189	No Impact recorded.
Rangpur	101	One injured, 14 house burnt and 14 shops burnt. Estimated loss 1 crore 4 lac.
Sylhet	47	One died.
Total: Six died, 14 injured & 18 houses, 219 shops, 1 factory, 2 warehouses was burnt. 2 crores and 31 lac taka in estimated losses.		

Cold Wave

A mild **Clod Wave** was blown through 8 districts namely Rajshahi, Sylhet, Jashore, Naogaon, Chuadanga, Pabna, Panchagarh and Nilphamarui from 29 December to 31 December 2022. No causalities were recorded due to this cold wave. The minimum temperature was recorded 8.5 degree Celsius at Chuadanga during cold wave situations. [31 December 2022. DDM.](#) The daily minimum temperature showed a negative trend from the beginning of december to the end of december ([Graph 2](#)).

Landslide

A landslide event took place at Ramu upazila Cox’s Bazar district on 7th December 2022 where four people were died in same family at early night. [prothomalo.com.](#)
