

Overview of Hazard Incidences in July 2023

In July 2023, Bangladesh experienced **thirteen** types of hazard incidents, which included **Boat Capsized, COVID-19, Dengue, Fire Incident, Flood, Heatwave, Heavy Rainfall, Landslide, Lightning, Riverbank Erosion, Wall Collapse and Water Logging**. In July, there was a significant increase in the number of confirmed **Dengue** cases and deaths compared to June. The outbreak impacted approximately **64** districts in Bangladesh, with a total of **43,854** confirmed cases, and **204** deaths reported in July, according to the daily situation report from [DGHS](#) (Directorate General of Health Services). According to the daily newspaper **16 Lightning** incidents are recorded which led to the death toll of **22** people and **4** cows in different districts. In July there were **1865** newly identified **Covid-19** cases, indicating a notable increase compared to the previous month, June. During the same period, **10** deaths were reported while **2560** individuals recovered from the virus. According to the daily hazard situation report [MoDMR](#) and Daily Newspaper, a total of **388 Fire** incidents were recorded, tragically resulting in **8** fatalities and **96** injuries. Additionally, the newspaper disclosed, these incidents caused an estimated loss of approximately **22** crore and caused destruction of many households, livestock, businesses, shops, and services. Multiple **Boat Capsized** incidents happened in various districts, leading to a total of **15** fatalities and **one** person reported missing. Additionally, incidents of **Bridge Collapse** and **Wall Collapse** were observed, but fortunately, there were no reported deaths. The recent **Flood** has caused widespread impact across the Sylhet, Mymensingh, and Rangpur divisions of the country. A **Landslide** occurred in Ukhiya, Cox’s Bazar where **one** child was killed, and **two** others were injured. In July, many districts like Kurigram, Sirajganj, Tangail, Sunamganj, Khanshama, Bogra, Rajbari, Lalmonirhat, and Chapainawabganj experienced **River Erosion**. Significant rainfall in Dhaka, Netrokona, Sunamganj, Sylhet, and Kurigram resulted in waterlogging, disruptions, and heightened flood risks, requires both community and governmental efforts for effective mitigation. **Waterlogging** occurred in different regions including Dhanmondi Jigatola, Green Road, Bangshal, Aga Sadek Road, Abul Hasnat Road, and surrounding areas in Old Dhaka, as well as East Jurain and Nayapalton under Dhaka South City. Additionally, the country has experienced a **mild Heatwave** across various districts. In July, Rajshahi experienced a high temperature of **37.8** degrees Celsius.

Description of Hazard Incidents in July 2023

Boat Capsized

Six incidents of boat capsizing have occurred in different districts, which caused a total of **15** deaths with **one** person reported missing in July 2023. In Sunamganj **three** Children died on 2nd July 2023 ([Jugantor](#)). On 5th July 2023, **one** child and **two** individuals lost their lives in Netrokona([Ittefaq](#)). On 9th July, **one** person died in Lalmonirhat, and **three** workers died in Madaripur District on 11th July([The Daily Star](#)). On 12th July, **one** person was reported missing in Sylhet district([Bangladesh Pratidin](#)). On 17th July, **four** people died and several others remained missing in Keraniganj, Dhaka([Dhakatribune](#)). For a more in-depth analysis, please refer to [Annex-1](#) and the table provided below.

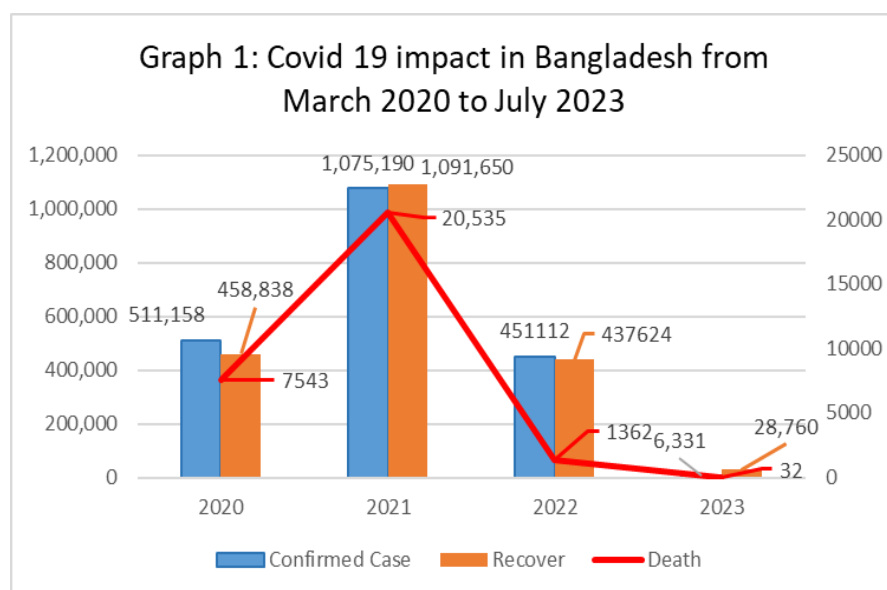

Bridge Collapse

The only temporary bridge connecting Satchari Tripurapara in Chunarughat Upazila of Habiganj has been broken again. The Upazila Parishad had previously constructed this bamboo-wood bridge after it was broken in 2022 to facilitate the movement of **22** families in the neighborhood([Jugantor](#)). The Upazila LGED has allocated around one crore **14** lakh taka from Bangladesh and World Bank for the construction of an 8-meter bridge near Munshiganj Hat of Gohalbari Union on the Bholahat to Baragachi GC road along the bank of Mahananda river collapsed before the completion of its construction ([Janakantha](#)).

Covid-19

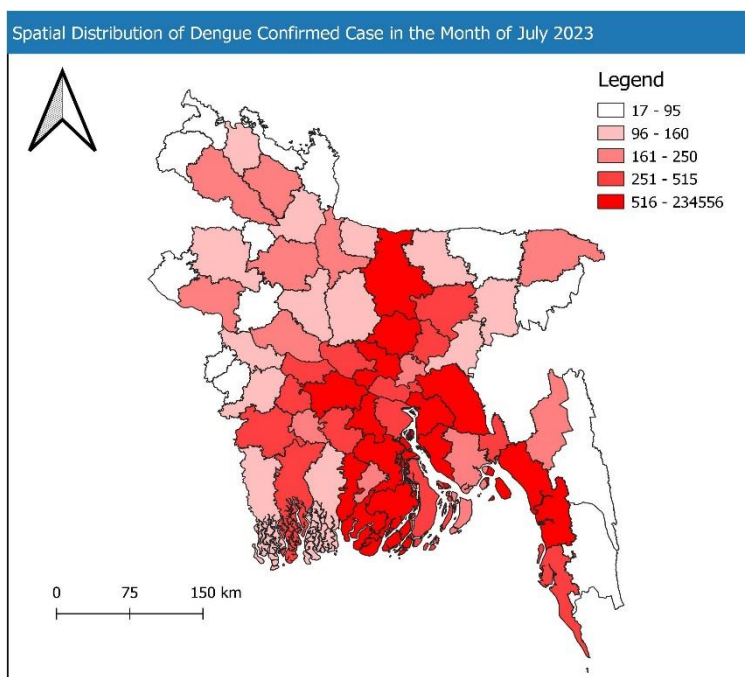

From 1st July to 31st July 2023, there were **1865** newly identified patients with Covid-19. During this period, **2560** people have recovered, and there were **10** reported deaths. This indicates a decrease in both the number of deaths and confirmed cases compared to June.

As of the end of July, the total number of confirmed cases since the first identification of Covid-19 in March has reached **2,044,532**. The total number of deaths by the end of July was **29,473** and the total number of recovered cases was **2,011,689** in Bangladesh([DGHS](#)). For a more in-depth analysis, please refer to [Annex-2](#) and the table provided below.

Dengue

Based on [DGHS](#) daily situation report, there was an increase in confirmed cases and deaths of dengue compared to the previous month, June. In July, all **64** districts of Bangladesh were affected by dengue, and **Dhaka** as usual recorded the highest number of confirmed cases (**27,987**) and deaths (**164**). There were **43,854** confirmed cases and **204** reported deaths in total throughout July. The confirmed case of dengue has drastically raised compared to June. The map shows the spatial distribution of dengue confirmed cases in the month of July. For a more in-depth analysis, please refer to [Annex-3](#) and the table provided below.

Fire

According to the [NDRCC](#) daily hazard situation reports **363** fire incidents took place across the country in July 2023. Dhaka division reported the highest number of fire incidents (**121**), followed by Rajshahi division (**47**), Chittagong division (**57**), Khulna division (**47**), Rangpur division (**18**), Mymensingh division (**35**), Sylhet division (**25**), Barishal Division (**13**). Out of the **363** recorded incidents, **two** fatalities and **25** injuries were reported, along with significant property damage. The table shows the summarized incidents of fire happened in July according to NDRCC.

Table 1: Summarize Fire Incidences Report (NDRCC) in July 2023

Division	Total	Impacts
Dhaka	121	2 people were died and 10 were injured
Mymensingh	35	No casualties recorded
Barishal	13	15 people were injured
Sylhet	25	No casualties recorded
Rajshahi	47	No casualties recorded
Chittagong	57	No casualties recorded
Khulna	47	No casualties recorded
Rangpur	18	No casualties recorded

Note: According to NDRCC report, two people were reported dead, and 25 others were injured in total.

Based on daily newspapers, the most significantly affected districts were Gazipur, Brahmanbaria, Chandpur, Cumilla, Narayanganj, Chittagong, Sunamganj, Dhaka, and Munshiganj. In Teknaf, Cox's Bazar, a fire destroyed **104** shops, resulting in a loss of around **11 crores** taka worth of goods, and some individuals sustained injuries while extinguishing the fire ([Prothom Alo](#)). A fire in Rajibpur, Kurigram, led to losses of approximately **8 crore** BDT, leaving **420** households without electricity, and causing the burning of **288** batteries, **19** off-grid inverters, and **8** on-grid inverters([Prothom Alo](#)). The fire incident in Brahmanbaria caused a loss of about **20 lacs** BDT worth of assets([BangladeshPratidin](#)). In Shahrasti, Chandpur, Chittagong, a ten-years-old child with a disability tragically lost their life ([Bangladesh Pratidin](#)). In Chittagong, Sitakunda, a fire at a power substation damaged equipment and caused a loss of approximately **seven lacs** BDT worth of machinery([Samakal](#)). In Gosairhat, Shariatpur, a fire incident resulted in the burning of **15** shops, causing the shop-owner to incur a loss of goods worth **60 Lac** taka ([Prothom Alo](#)). In Louhjong, Munshiganj, a fire broke out in a house due to an electrical short circuit, and **two** dead bodies have been recovered from the scene([BangladeshPratidin](#)). A tourist houseboat in Tanguar Haor, Sunamganj was

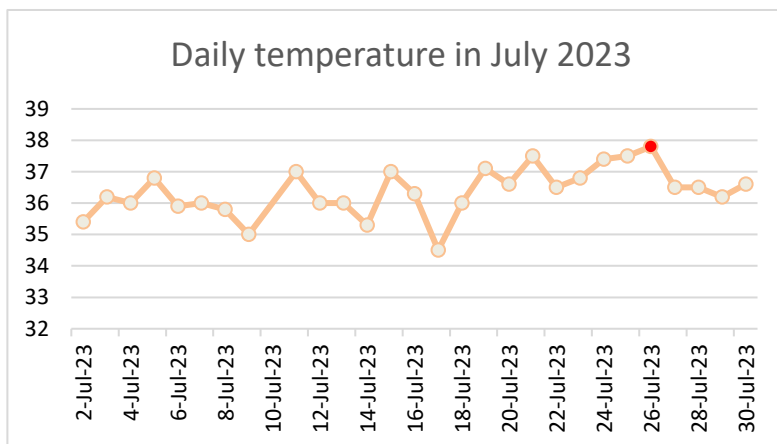

engulfed in a fire causing damage estimated at **45-59 Lac** taka during its construction ([Samakal](#)). For a more in-depth analysis, please refer to [Annex-4](#) and the table provided below.

Flood

In July, flooding resulted in extensive damage across various districts particularly affecting Gazipur, Sunamganj, Netrokona, Nilphamari, and Kurigram. In Nilphamari, Dimla, the flood has affected over **5,000** families in 7 unions surrounded by the Teesta River ([ProthomAlo](#)). In Kurigram district, specifically in Bhurungamari, out of **20,000** families residing in **185** villages, a total number of **56,000** people are currently facing water-tight conditions due to the flood. The affected areas include Char Rajibpur, Chilmari, Kurigram Sadar, Nageshwari, fulbari, Rajarhat, Rowmari, and Ulipur ([ProthomAlo](#)). For a more in-depth analysis, please refer to [Annex-5](#) and the table provided below.

Heatwave

According to **NDRCC**, this month experienced a total of **one** mild Heat Wave event occurring in several districts, including Dhaka, Tangail, Rajshahi, Pabna, Rangpur, Dinajpur, Nilphamari and Moulvibazar. The maximum temperature was recorded at **37.8** degrees Celsius at Rajshahi during heat wave situations, on 26 July 2023. The daily maximum temperature showed a positive trend in July compared to June 2023. For a more in-depth analysis, please refer to [Annex-6](#) and the table provided below.

Heavy Rainfall

In July, Netrokona and Mymensingh encountered substantial rainfall, measuring around **45** mm. This resulted in the inundation of low-lying areas across eight unions and posed challenges for fish farmers who suffered losses as approximately **17** ponds' worth of fish were washed away([ProthomAlo](#)). In Nageshwari, Rangpur, a flood situation has emerged due to the increased water levels in the river. ([ProthomAlo](#)).

Landslide

On 16th July 2023, a single incident of a landslide occurred in Cox's Bazar, Chittagong, which caused the unfortunate death of one child and left two others injured([BangladeshPratidin](#)).

Lightning

In July, a total of **16** lightning incidents were recorded, leading to the unfortunate death of **16** people, and causing injuries to **22** others, with **4** cows also reported dead in various districts. A total of twelve districts, including Bagerhat, Kushtia, Netrokona, Rajshahi, Jamalpur, Rajbari, Naogaon, Rangpur, Chapainawabganj, Sherpur, Tangail, Bogra, and Kurigram, experienced recorded lightning events. For further detailed information and additional insights, kindly refer to [Annex-7](#).

Riverbank Erosion

On July 1st, Kurigram Riverbank erosion resulted in the vanishing of over 70 houses and the spread of erosion across more than **20** villages, covering a **20**-kilometer distance. ([ProthomAlo](#)). On 7th July, Sirajganj district faced the collapse of at least **30** meters of solid embankment due to rising water in the Jamuna River. ([PrathamAlo](#)) On 10th to 11th July, Tangail district faced river erosion, with many houses being washed away into the river, leading to protests for a permanent dam construction. A substantial number of villages , over **20** villages experiencing intense river erosion, while Delduar , Sadar Upazilas and more than **10** are encountering significant challenges with limited resources([Samakal](#)) ([BD-Pratidin](#)). In Sunamganj district,

Dowarabazar Upazila, many villagers have been forced to migrate due to river erosion and both a mosque and a school have been gradually disappearing as a result of the ongoing environmental impact.(ProthomAlo) On Significant erosion along the Teesta River in Lalmonirhat district of Rangpur division has led to the displacement of numerous families from more than **100** chars spanning five Upazilas. Additionally, **17** points of the Teesta River have experienced swelling due to the rise and fall of water(ProthomAlo). For a more in-depth analysis, please refer to [Annex-8](#) and the table provided below.

Wall Collapse

In July 2023, two incidents of wall collapse were reported in different districts and fortunately, no fatalities were reported. On 1st July 2023, in Dulhazara, Cox's Bazar, Chittagong, the safety of various species of animals(including zebras in the safari park)has been threatened due to a wall collapse(Ittefaq). On 19th July 2023, in Patuakhali, Barishal, at Payra Bandar, two additional walls, both measuring **100** feet in length, tilted towards the west. Fortunately, no injuries were reported(Prothomalo).

Waterlogging

Waterlogging incidents were reported in a total of six districts, namely Dhaka (South City Corporation), Mymensingh, Sunamganj, Netrokona, and Naogaon, as indicated by newspaper reports. Dhanmondi Jigatola, Green Road, Bangshal, Aga Sadek Road, Abul Hasnat Road and surrounding areas in Dhaka South City experience delayed water clearance due to heavy rains and waterlogging ([bd-pratidin.com](#)). In Kalmakanda, **56** school grounds have been flooded, and the water at the Kalmakanda Dakbungalow point has risen 16 cm above the danger mark due to the increasing river water levels(ProthomAlo). Approximately **300+** meters of the Upazila road in Panchagarh Sadar Union are submerged, affecting at least **70** families in the Dandepara and Bolyapara areas of the municipality([prothomalo](#)).

Government of Bangladesh Response

Response to Boat Capsized

Durgapur Upazila administration has provided Tk **20,000** to the families of the victims(Ittefaq).

Response to River Erosion

In Kurigram, Rangpur, sand-filled geo bags are being dumped in an area spanning about **four and a half** kilometers(ProthomAlo) and BWDB (Bangladesh Water Development Board) is urgently placing sand-filled geo bags to address the situation in Sirajganj District(Pratham Alo).

Response to Lightning

The Upazila administration has provided financial assistance of Tk **25,000** to the family in Sherpur ([BanglaNews24](#)) on the instructions of the District Commissioner, the UNO (Upazila Nirbahi Officer) has donated Tk **10,000** to the family of Haradhan, who tragically lost his life due to lightning in Dhaka Tangail([Banglanews24](#)).

Response to Waterlogging

Currently, Mymensingh city is undergoing road and sewage system development projects, costing **1,600** crores, which involves constructing **474.82** kilometers of roads and **345.56** kilometers of drains(ProthomAlo).

Conclusion

In July 2023, a total number of thirteen different hazards occurred across the country, resulting in numerous casualties and significant damage to both lives and properties, causing disruptions to daily activities. Collaborative efforts between NGOs and the Government of Bangladesh should prioritize disaster preparedness, early warning systems, effectively mitigate the impact of various hazards and safeguard lives and properties.
